Vandit Shastri

Machine Learning Engineer | High-Performance Python Systems

Ahmedabad, Gujarat, India * vanditshastri@gmail.com * github.com/Technically1dit * linkedin.com/in/vandit-shastri-5536ab273

PROFESSIONAL SUMMARY

Machine Learning Engineer passionate about conversational AI agents, LLM pipelines, and high-performance asynchronous Python systems. Proven track record in building resilient data extraction frameworks, RAG architectures, and low-latency microservices with a strong foundation in data structures, algorithms, and clean system engineering.

PROFESSIONAL EXPERIENCE

Machine Learning Engineer — **2026 — Present**

*Rootle * Ahmedabad, India (Full-Time)*

- Architected conversational AI agents with tool-calling capabilities and dynamic prompt orchestration.
- Engineered low-latency inference microservices and streaming token delivery pipelines in Python.
- Optimized contextual chunking, dense embeddings, and vector similarity search for grounded RAG accuracy.

Machine Learning Intern — 2025 — 2026

*Rootle * Ahmedabad, India (9 Months)*

- Prototyped machine learning workflows, automated evaluation loops, and benchmark validation pipelines.
- Developed fine-tuning data preparation scripts and evaluation metrics for domain-specific models.

Python Developer — 2025

*Actowiz Solutions * Ahmedabad, India (9 Months)*

- Engineered high-throughput web data extraction frameworks and automated ETL data ingestion in Python.
- Designed resilient data validation schemas, error handling mechanisms, and modular data transformations.

EDUCATION

Bachelor of Technology (B.Tech) in Computer Science & Engineering — **2022 — 2026**

*LJ University * Ahmedabad, Gujarat, India*

Core Coursework: Artificial Intelligence, Machine Learning, Data Structures & Algorithms, DBMS, Operating Systems, Networks.

TECHNICAL PROFICIENCIES

AI & Machine Learning:	Conversational Agents, LLM Orchestration, RAG, PyTorch, Scikit-Learn, Prompt Engineering, EDA
Python & Backend:	Python 3 (AsyncIO, Multiprocessing), FastAPI, Pandas, NumPy, Data ETL, JSON Schema, REST APIs
Web & Tools:	TypeScript, React, Vite, Tailwind CSS, TanStack Router, Git/GitHub, Linux/Bash Shell

VERIFIED CERTIFICATIONS

IBM:	Applied Machine Learning & Exploratory Data Analysis (EDA) Specialization
Great Learning:	Data Science Foundations
